1959

THIS Report of 1959 is dedicated to Fox Pond Park, Plymouth's project of the year.

A year ago the idea of a municipal recreation area was still but a vision in the hearts of a few community-minded citizens. The location, even the existence, of Fox's Pond, had been forgotten, more or less, by the public. This year we are looking forward to playing and resting in a superb thirteen-acre playground. Here on the edge of the village, within a short walk of every home, is a beauty spot which recreation specialists have described as one of the finest natural parks in this part of the country.

Certainly it would be hard to imagine a park more ideally suited for the pleasure of people of all ages. And it is evident that we appreciate what we have. From the day, last July, when the idea of this community playground was first brought to the public's attention, spearheaded by Reg Keniston, president of the Plymouth Youth Council, the people of Plymouth have been alert to its possibilities. A special Town meeting voted unanimously to raise the necessary funds to acquire "the old ice-house property" and to set up a permanent Commission to manage it. It was clearly the opportunity of a lifetime, and Plymouth was quick to see it.

It was the old ice-pond that appealed to us. For it meant swimming — safe, supervised swimming for our children; swimming instruction. The urge to play in the water is recognized as a primary need in every human being. Wholesome supervised recreation for young people has come to be regarded everywhere as a public responsibility, and hundreds of communities across the land have provided swimming pools. These pools undoubtedly are adequate and efficient; but with relatively few exceptions they are merely tanks — which in too many instances are set (necessarily) in barren, treeless, uninspiring surroundings. In an age of standardized, machine-processed concrete-and-steel playgrounds, we here in Plymouth may consider ourselves uniquely blessed. We can enjoy our swimming as Nature intended that it should be enjoyed. Our gently curving, two-acre Fox Pond, mirroring the tall dark pines and gleaming birches that border it, is truly an old swimmin' hole that would delight the heart of Huckleberry Finn.

The Pond, this past winter, has provided skating for our youngsters. This perhaps more than any other one thing has made the community aware of the recreational facilities at our doorsteps. But Fox Pond Park is something more than a teenagers' sports center. The Park and Recreation Commission intends that our Park shall serve the needs of people of all ages.

"Recreation is re-creation." So we may expect to have special areas and programs for children and for tots. And when and if a sufficient number of parents ask for it, we may have a day-camp where the small fry may be left in good hands all day to play and learn. When summer vacation comes, these facilities could prove to be a boon to mothers. The whole family can get back somewhere near to Nature, enjoying the charcoal-fire cooking-out facilities beneath the giant pines. Fox Pond Park is for everyone.

Some idea of what we can do with our Park may be gained from a study of the map shown here. This is a simplified rendering of the large master plan that was designed by a professional planning organization to guide our Commissioners for years to come. The map shows in a general way the location of many of the recreation facilities that are under consideration. These facilities can be developed when and if we, the people, wish to have them.

For Fox Pond Park is a we-the-people affair, a do-it-ourselves community project. Money, a lot of money, will be needed year after year. We can raise the money as other recreation-minded communities are doing. What we, as a Town, do not vote for the purpose, we as community-minded individuals are prepared to do privately. For this reason, and others, we have formed the Park and Recreation Association to help the Commissioners with their job. Over a hundred persons are now members. There is room for everyone. Every one of the forty-some organizations in Plymouth is a "group-member" of the Association and therefore a potential sponsor of some portion of the overall program.

Elsewhere in this Town Report is the brief report of the Commission on its accomplishments and plans during the short time it has been in existence. Fox Pond Park is not only the project of the year, but will be a project that will go on and on year after year.

REPORT OF
THE PARK AND RECREATION COMMISSION

To the Selectmen and Citizens of Plymouth:

The Park and Recreation Commission submits this report of its first year of service.

The Commission was brought into being by the special Town meeting of August 11, 1958, which unanimously voted to acquire the Philip E. Knowles property as a community recreation area. Taking the name from Fox's Pond, which is the central feature of the area, the name FOX POND PARK was adopted.

The Allen Organization of Bennington, Vermont, specialists in park and recreation planning, designed a master plan to guide the Commission in the development of the Park through the years to come. A greatly simplified rendering of this plan appears in the preface to this Town Report. The price of the plan was $500.

From the Charles H. Cummings Charitable Fund the Commission secured a grant of $500 to pay for the Allen plan.

As the Commission is barred by statute from receiving any funds except those which the Town may vote for recreation purposes, the Commissioners assisted in the formation of a voluntary citizens' group, open to all, to serve as trustees of all money received from private sources, and in other ways to assist and advise the Commission. This, the Park and Recreation Association, was brought into being on September 11, and at once became the custodian of the above-mentioned $500 grant.

Necessary legal technicalities held up the transfer of the Knowles property until late in November, when the Town came into possession of it for $12,000. The early descent of extremely cold weather and snow prevented the Commission from commencing any of the work that had been planned. However, skating was provided throughout the winter, hundreds of young people enjoying the Pond for the first time. The skating was sponsored by the Plymouth Youth Council, which maintained a warm-up shack and paid for the services of an adult supervisor.

With the end of winter in sight, the Commissioners have met frequently and have held several fruitful sessions with the directors of the Association, the two groups functioning as an over-all planning board. Plans are now waiting for good weather, and include the removal of a deep deposit of muck from the Pond, and, possibly, the tapping of other sources of water supply. The Commission has assured the State authorities of its great willingness to meet the health department requirements concerning an adequate and suitable water supply.

An application is on file from a highly qualified swimming instructor who, if engaged, will conduct swimming classes. Unless some unforseen difficulties should arise, there will be supervised swimming in Fox Pond Park this summer.

Respectfully submitted,

BERNARD R. SMITH,

Vice-Chairman

The year has been a busy and rewarding one for your librarians. Every effort has been made to provide the reading materials requested by our borrowers and we have the feeling that service given to the townspeople is constantly improving.

Four classes from the elementary school have visited the library with their teachers to receive instruction in the use of the library and to hear talks on the history of the library. All sections of the freshman and sophomore classes of the high school have used the library as a laboratory to complete their assignments on using library reference books and using the library card catalog.

The Girl Scouts have held two Saturday morning story hours for kindergartners in the library building for the purpose of earning their service badges.

In November we were hosts to a meeting of neighboring librarians sponsored by the State Library. Miss Doreen Harper, public library consultant, gave a talk on library financing and members of the Young Ladies Library Association served refreshments.

The two librarians attended the annual meeting of the N. H. Library Association at Laconia and a meeting of neighborhood librarians at Rumney. The librarian also attended a meeting of the Plymouth Rotary Club with Miss Margery Stroud, public library consultant, who gave a talk on the needs and responsibilities of the library.

An exhibit of science books and one of new children's books for Children's Book Week was borrowed from the State Library. The Children's Book Week exhibit was also displayed at the elementary school Book Fair. A special loan of 186 recent non-fiction books has been received from the State Library and will be on our shelves for borrowing until May 6, 1959.

The major undertaking of the year was a weeding of our whole book collection to eliminate obsolete volumes and those which are seldom used but may be borrowed from the State Library when needed. Miss Margery Stroud, of the State Library, spent five days with us at various times to supervise this project. Thirteen volunteer workers gave 75 hours of their time to assist us.

Respectfully submitted,

ALICE B. DICKINSON

Fellow Townsmen:

This is a little report on a big project! A big project in that a good town library concerns us all!

Continuing in the path of our American tradition of making library service available to all; and, in our own town, following the inspiration of a group of civic-minded ladies, who some 60 years ago organized the Young Ladies Library Association and our town library, (and since operated it); your library trustees are now challenged with an ever-increasing need to improve the services and facilities of this town library.

In an effort to analyze the situation properly and proceed with the steps that will make available more and better resources and services to our townsmen, we accepted the offer of the New Hampshire State Library staff to conduct a survey of existing conditions and opinions, and subsequently submit recommendations for necessary improvements. This survey report has been compiled and is available to everyone at the library. Thanks go to interested persons and the librarians who volunteered many hours of work on specific projects undertaken, which continue to improve our bookstock and services.

The following budget indicates proposals for 1959. We ask your interest and support:

Salaries	$ 1,927.00
Janitor	300.00
Light and Power	125.00
Fuel	160.00
Books and Subscriptions	1,000.00
Supplies	140.00
Bank Charges	3.00
Second-hand Typewriter	40.00
Six Children's Chairs	50.00
	$ 3,745.00
Estimated Income	$ 245.00
Needed Town Appropriation	3,500.00
	$ 3,745.00

We look forward to continued support from the Young Ladies Library Association, both in their invaluable assistance with functions of the library, and with financial aid in making necessary improvements to their library building.

We submit an earnest appeal to individual townsmen and organizations to; first, **use the library often** and, second, continue to support the library in all ways.

Thank you —

DANIEL STETSON,

JULIE RAND

AUDITORS' REPORT

As prescribed by law, we have examined the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Highway Department, Trustees of Trust Funds, Treasurer of the Library Trustees, and Justice of the Municipal Court.

The records of individual receipts and expenditures were found to be correctly cast and well vouched.

We have verified cash balances and reconciled bank statements for all officials having town business accounts.

We have examined the securities in the Trust Funds.

We have inspected the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Road Agent, Chief of Police, and Secretary.

Office of Selectmen:
Plymouth, N. H.

Dear Sirs:

The following is a report of the activities conducted by the N. H. Department of Health, Bureau Public Health Nursing, for the town of Plymouth for the year 1958.

Immunization clinics were held in the town as follows:

Feb., 1958, Speare School Auditorium, Salk Vaccine, total attendance 452 (This included ages 6 months to 21 years from Plymouth and surrounding towns.) About 75 adults, including mothers and school personnel were offered the vaccine at that time to use vaccine before the expiration date.

June, October, November and December 1958 — Immunization clinics were held at the American Legion Home. At these clinics Salk vaccine, Triple Toxoid and Smallpox Vaccinations were given by Dr. McIver to children from Plymouth and the surrounding towns. The total number of immunizations given is as follows: Salk Vaccine 260, Triple Toxoid 221, Smallpox Vaccination 71.

Two pre-School Dental Fluorine Programs were held in Plymouth during May and August. At this program children were given dental cleaning, four fluorine treatments and excellent dental instruction by a Dental Hygienist of the Bureau Dental Public Health of N. H. Department of Health. A total of 134 children 3-6 years of age registered for these treatments. Of this number 113 were from Plymouth. Much credit is due the American Legion of Plymouth for the use of the home for the immunization clinics and the four weeks of the Dental Fluorine Program; the American Legion Auxiliary for time and effort spent in organizing, making appointments and clerical work at all

clinics; and helping finance the Fluorine Program. Financial assistance, toward board and room of Dental Hygienist while in the community conducting the program, was given through the Agnes M. Lindsay Fund for dental care. Several members of the Jr. Woman's Club of Plymouth also assisted with clerical work at the immunization clinics for which I gratefully acknowledge their cooperation.

The nurse has made home calls in the town on mothers, babies and pre-school children and made appointments for children to attend diagnostic clinics at Hanover, Laconia and Concord and follow-up calls made as indicated.

The nurse assisted the Community Closet Committee at Thanksgiving and Christmas in compiling names, and assisting in packing food boxes for distribution to many worthy families in Plymouth and vicinity.

I also wish to mention the great benefit received by many families in Plymouth and small surrounding communities from the Community Closet throughout the year. I have distributed a great many articles of warm clothing, blankets, new mittens and other knitted articles, also a few toys where needed and they were greatly appreciated by the families receiving same.

Again my sincere thanks to all individuals, organizations and members of the school personnel for making these worth while programs and necessary assistance available to the children of Plymouth.

Respectfully submitted,

LOIS W. BARTON, R.N.,

Public Health Nurse

PLYMOUTH CHAMBER OF COMMERCE
INFORMATION BOOTH REPORT

February 3, 1959

Board of Selectmen,
Plymouth, N. H.

Gentlemen:

Information Booth opened from June 28th to Sept. 1st, Incl., from 9:00 A. M. to 6:00 P. M. weekdays, and 1:00 to 5:00 P. M. Sundays.

A total of 4,646 cars with 13,628 occupants availed themselves of the service which was ably given by Miss Hazel Downing, who serviced the booth.

Many compliments have been received about the courteous treatment received by travelers and the complete information available, indicating that it was one of the most efficiently manned booths in the state.

The Chamber of Commerce wishes to thank the tax payers of Plymouth for their generous support of the booth. All of the amount contributed by the Town of Plymouth was expended toward the salary of the attendant.

Very truly yours,

CLARENCE H. JONES,
Secretary

You Can Help Prevent Forest Fires

Twenty-five per cent of all forest fires in New Hampshire are caused from carelessly burning debris—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost, annually, of extinguishing these fires runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as ($200) two hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning, yourself. It will be easier for you, personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

Use your town dump

H. C. HARTWELL, Jr.

District Fire Chief

PLYMOUTH VILLAGE FIRE DISTRICT

Sewer Department

There were three new manholes built for sewers on Winter Street, Broadway and Highland Avenue.

There were several lines repaired and many cleaned out.

Anderson and Nichols Co., engineers of Concord, N. H., have made an overall preliminary survey of our sewers and sites for pumping stations and treatment plant. Plans and estimated costs have been delivered to the Commissioners. These plans and costs will be brought up at the District meeting on March 12, 1959.

District Commissioners

PLYMOUTH VILLAGE FIRE DISTRICT

Water Department

Maintenance and replacements of water services for 1958 are hereby listed:

14 meters replaced

6 new meters installed

3 service lines replaced

11 new service lines

200 Ft. of 2-in. cement-lined cast iron pipe installed on Keeble Street

770 Ft. of 6-in. cement lined cast iron pipe laid on Ward Hill

Drained and cleaned both reservoirs

Installed four hydrants on Ward Hill

Painted hydrants

Work on the retaining wall at the lower reservoir was finished and the seepage that was polluting the water has been stopped.

The addition of the Ward Hill section to the District now has complete fire protection with the exception of 5 houses.

It is hoped that in the near future all the homes in that section will have fire protection, and water service available.

PLYMOUTH VILLAGE FIRE DISTRICT

Fire Department

The following were purchased for this Department in 1958 with money raised in the budget:

1—35 Ft. Aluminum Ladder

2—18 In. Flood Lights

1—6 In. Flood Light

2—Hose Bridges

1—Ford Pickup Truck

1—Resuscitator (50% paid by town)

The generator purchased in 1957 has been mounted on the new truck and with the new flood lights, should prove to be a valuable piece of equipment.

AUDITORS REPORT

We have audited the cash books of the Treasurer of the Plymouth Village Fire District, and Plymouth Village Water and Sewer Departments, and have found the entries therein correctly cast and well vouched.

We have examined the surety bonds of the Treasurer and Secretary of the District.

We have burned five Water Department Bonds, numbered 16-20, inclusive, and fourteen Water Department Bonds, numbered 76-89, inclusive,—totalling $19,000.00.

We have burned the following coupons:

Thirty coupons, numbered 16-45, inclusive, (May 1958), totalling $337.50.

Two Hundred and One coupons, numbered 90-122; 133-300, inclusive, (October 1958), totalling $2,010.00.

Two Hundred Fifteen coupons, numbered 76-122; 133-300, inclusive, (April 1958), totalling $2,150.00.

STATE OF NEW HAMPSHIRE

Grafton, ss.

To the inhabitants of the School District in the town of Plymouth qualified to vote in district affairs:

GREETINGS

You are hereby notified to meet at the Guy E. Speare Auditorium in said district on the fifth (5th) day of March, 1959, at eight o'clock in the afternoon to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the fiscal year beginning July 1, 1959.

Article 4. To choose a member of the School Board for the ensuing three years.

Article 5. To determine and appoint the salaries of the District Officers, and fix the compensation of any other officers or agents of the District.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relative thereto.

Article 7. To choose Agents, Auditors, and Committees, in relation to any subject embraced in this Warrant.

Article 8. To see if the District will raise and appropriate the sum of two hundred sixty-four thousand, two hundred two dollars and sixty-five cents ($264,-202.65) for the support of schools, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the

School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which leaves an estimated balance of one hundred eighty-four thousand, seven hundred ninety-two dollars and sixty-five cents, ($184,792.65) to be raised by taxes by the town.

Article 9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

Article 10. To see if the District will vote to raise and appropriate the sum of two thousand five hundred dollars ($2,500.00) for the purpose of modernizing the high school heating system.

Article 11. To conduct any other business that may legally come before this meeting.

SUPERINTENDENT'S ANNUAL REPORT TO THE PLYMOUTH SCHOOL BOARD

Hereby submitted is my annual report as your Superintendent of Schools:

The Plymouth School faculty has changed very little during the past year. Mr. Gerstein in the Foreign Language Department was replaced by Mr. Ronald Noel, a graduate of St. Anslem College in 1958 and Mr. Eichel was replaced by Mr. James Smith in the Social Studies Department. Mr. Robert Erickson continues to work in the area of Art Activities and Mrs. Dearborn is the school nurse, both in the Elementary and High School. Otherwise our faculty is intact from previous years.

As you know, according to the new contract with the State, Plymouth School District assumes control of grades 7 and 8 effective September 1, 1959 and at this writing prospective candidates are being contacted for the teaching positions there. Two new members will also be added to the High School staff next year. In accordance with the recommendations from the State Department of Education it is expected that Latin will be offered beginning in September 1959 instead of Spanish. In the future if numbers warrant, we will try to offer a second modern foreign language besides French.

With the construction of the new Vocational Building well in progress and occupancy expected in September, we expect to employ another teacher of Industrial Arts. Some progress has already been made in this direction. At the moment it is not certain exactly what new vocational courses will be offered but they might include Auto Mechanics, Electricity and Electronics, various levels in Wood Working, an area in General Metal Work and in Mechanical Drawing.

These courses are not definite and will depend somewhat upon the teacher we are able to employ and the amount of equipment that will be available.

There have been comments during the past years concerning the fact that we are making the work too difficult for our pupils in the academic course. There is no doubt in my mind that in all probability our college bound boys and girls do have to work harder than those in many other high schools. I do not however, feel this is a poor practice. Our college mortality rates are very low in comparison with some other secondary schools in New Hampshire and this fact alone seems to justify our practice.

The Plymouth Schools are growing by leaps and bounds. Only a few days ago it was reported that the enrollment in the Plymouth Elementary Schools went above five hundred pupils for the first time. With the increased High School tuition enrollments I would expect that within the next few years the Plymouth School population will be more than nine hundred pupils. At the moment space is not a problem but if we continue to grow it could and will become one.

I feel that this has been a good year for education in Plymouth. The adoption of a new contract with the State, which I feel is better than the last one, plus the addition of our new Vocational Building, are strides forward. We are hopeful that when the construction is done and grades 7 and 8 are under our control we shall be able to offer an accredited Jr. High curriculum.

Do not hesitate to contact me concerning any educational problems you may have.

Respectfully submitted,

M. WAYNE BOWIE,
Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent of schools as per the following quotation: "REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1957-58 received a salary of $6,550 which was made up as follows: $2,500 paid from the per capita tax and $4,050 prorated among the several school districts. Allowance of $900 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	$ 751.27	$ 166.95
Dorchester	28.76	6.39
Plymouth	1,462.05	324.90
Rumney	590.89	131.31
Thornton	348.30	77.40
Wentworth	197.24	43.83
Woodstock	671.49	149.22
	$ 4,050.00	$ 900.00

Superintendent's salary for 1957-1958 based on the above figure is reconciled as follows: $4,050 paid by the various districts, plus $2,500 from State per capita tax, equals $6,550 superintendent's basic salary. This, plus $900 travel allowance as indicated above totals $7,450 — amount received from State Treasurer for salary and travel of the Superintendent of schools.

M. WAYNE BOWIE,

Superintendent of Schools

PLYMOUTH HIGH SCHOOL
PRINCIPAL'S ANNUAL REPORT

I herewith submit my seventh annual report as principal of Plymouth High School.

We are again fortunate in retaining all but two of our teaching staff. For the past five years we have never lost more than three teachers, this is a remarkable record when you consider the turnover that other towns our size have every year.

Thirty-six of our sixty-nine graduates went on to further their education, of these twenty-two went to a four year college.

We are looking forward to our new vocational building and our new courses of Latin and Modern History in our academic field. Latin has been added due to the constant requests we have had from parents and students.

REPORT OF SCHOOL NURSE

To the Plymouth School Board:

I herewith submit the annual report of the School Nurse of Plymouth.

The report includes the findings of Dr. McIver, the School Physician, and covers the period of the school year September 1957 to June 1958.

Physical screenings of 340 pupils were done by Dr. McIver, findings were recorded on school health records and recommendations were made to correct any defects found.

The Ortho-rater "E" slides, donated by the Lions Club were used in visual testing of 768 pupils. Hearing tests with the Audiometer were done on 366 pupils. Whenever a defect was found the nurse reported this fact to the parent so that proper treatment would be followed for early correction. Heights and weights of pupils were recorded to determine normal physical growth and development. First aid was administered to 344 pupils.

Total inspections and screenings numbered 1512 and symptoms of the following defects were found:

Dental	92
Tonsils	31
Vision	33
Hearing	7
Orthopedic	9
Nutrition	5

These treatments or corrections were reported at the end of the year:

Dental	101
Tonsils	5
Vision	21
Orthopedic	9

New Hampshire Sight Conservation, Plymouth Lions Club and B. P. W. helped with some of the sight corrections.

An "Asian Flu" Vaccine Clinic was held in November 1957 and 30 school personnel were inoculated.

Salk Vaccine and Tri-toxoid Clinics were held in February and June 1958 with 62 children immunized.

At the Pre-School Clinic in May 1958, 32 children were examined by Dr. McIver. Five dental clinics were held in March through May 1958 and 25 children were treated by Dr. Crowell.

Several organizations helped with donations to the Hot Lunch Program.

The following communicable diseases were reported during the school year:

Chicken Pox	53
Measles	349
German Measles	7
Mumps	5
Impetigo	6
Scarlet Fever	10
"Flu" Virus	33

All who are interested and have contributed to the School Health Program are thanked for giving time and energy to the successful completion of this project.
